Academic Projects

ColdVault – Cold Storage Chamber Management System Jan 2026 – May 2026
(Group Project)

- Contributed to the development of a Cold Storage Management and Billing System using React.js (Vite), Tailwind CSS, Spring Boot, and MySQL.
- Developed responsive React components, integrated REST APIs, and implemented dashboard interfaces for chamber management and billing workflows.

Technical Projects

StayAdda – Hotel Booking Platform

Nature: Self-Guided

- Designed and developed a **full-stack hotel booking website** for discovering nearby hotels and stays.
- Implemented **user authentication, hotel listings, reviews, and booking features** using Node.js, Express, EJS, and MongoDB.
- Applied **MVC architecture** for clean separation of models, views, and controllers
- Managed **MongoDB** database operations for users, hotels and bookings.

Platforms, Languages, Technologies & Tools Worked

- **Networking & OS** : Windows, Linux
- **Programming Skills** : Java (OOPs), JavaScript (DOM manipulation)
- **Web Technologies** : HTML, CSS, Bootstrap, Tailwind CSS
- **Frameworks & libraries** : React.js, Next.js, Node.js, Express.js, EJS
- **Databases** : SQL, MySQL, MongoDB
- **Software Skills** : Git, GitHub, Postman
- **Other Skills** : RESTful API Integration, Authentication and Authorization, MVC architecture (Node.js)

Courses Undertaken

Core

- Data Structures
- Software Engineering
- Computer Network*
- Database Management System*
- Operating System*

Breadth

- Mathematical Foundations of Computer Science
- Computer Organization & Architecture
- Object Oriented Programming Using Java*
- Information Security#
- Analysis & Design of Algorithms#

* - Ongoing courses in Current Semester (to be completed by **June '26**)

- Courses will be covered in Semester III/IV (to be completed by **May '27**)

Internship

Full Stack Developer Intern (Freelance Team Collaboration)

May 2025 – Oct 2025

- Worked on real-world web applications using **React.js, Next.js, Node.js, Tailwind CSS, Strapi CMS, and RESTful APIs**.
- Developed responsive and reusable UI components to deliver user-friendly interfaces across devices.
- Contributed to multiple client projects while using **Git** for version control and following modern frontend development practices.

Frontend Development Intern (IBM SkillsBuild Internship)

June 2024 – Aug 2024

- Developed responsive web interfaces using HTML, CSS, Bootstrap and JavaScript.
- Collaborated with team members on frontend tasks using Git and GitHub.
- Built reusable UI components and improved webpage responsiveness.

Extracurricular Activities

Spandan – Annual Cultural Event

2022-2025

Role: Member, Chancellor Brigade Committee

- Actively managed and coordinated **cultural events** during the annual college fest.
- Worked with the **registration team** for participant registration and coordination.
